

Routing & Scheduling Made Easy

Connect your operations, your drivers and your customers

What if dispatch management suddenly became...simple? What if automated routing could shave hours off of driving time each week? What if you could easily keep your customers up-to-date on delivery status via email and text? How about documenting equipment condition and capturing signatures upon delivery/pickup?

All of this, and more, is now possible. InTempo's integration with Final Mile software from TMW Systems puts industry-leading route management tools at your fingertips. With intuitive design, powerful mapping features and drag-and-drop functionality, you can reduce costs, control operations and most importantly, serve your customers better.

User-Friendly Routing and Scheduling Optimization

- Optimize routes to reduce miles, trucks and costs
- Adhere to time window restrictions, special stops, and equipment constraints
- Edit routes interactively through a map or menu commands
- Assign customers to routes using drawing tools
- Accommodate scheduling changes in a pinch. Dispatches can preview potential additional stop before permanently adding the stop
- Update cost, mileage, and hours as routes are modified
- Interface to real-time vehicle tracking
- Provide turn-by-turn directions to drivers
- Monitor weather and traffic in real-time

Route #	Branch	Dispatch	Status	Equip	Driver	Start	End	Stop	Start Time	End Time	Miles	Cost	Rate	Notes
1000000001	100000	100000	100000	100000	100000	100000	100000	100000	100000	100000	100000	100000	100000	100000
1000000002	100000	100000	100000	100000	100000	100000	100000	100000	100000	100000	100000	100000	100000	100000

Mobile connectivity allows you to track route status throughout the day

At-a-glance visibility to your drivers, routes, and schedule

-  Provide a 21st Century Customer Experience
 - Give customers 24/7 access to the current status of their delivery via a link to customer portal. The site will display an ETA when the delivery is in route. The portal can be accessed from any computer or mobile device
 - Send delivery updates to customers via email or text message

15622339B: Order Delivered		Del. Approx. on hour ago
